## Essence

sets a new standard in SUVs. Refined style, uncompromising safety, and dynamic performance, with the finest technology. It offers charm and capability, giving you a thrilling experience like never before.

### A MASTER-CLASS IN SPATIAL COMPOSITION

The interior of the HS Essence is intuitively designed to deliver a driving experience that is not only comfortable but light, spacious and enjoyable. The connectivity to your work, play and entertainment via the class leading 10.1 inches touch display is seamless, ensuring a level of luxury that will never fail to impress you.

#### SUPERIOR SEATING

Carefully designed seats provide comfort and support in all the right places. With a one-piece back, the sports seats are heated and include six-way electric adjustment.

#### SOFT TOUCH INTERIOR

From interior door trim to the leather seats, rich, soft touch materials provide a luxurious feeling.

#### CUSTOMISABLE AMBIENT LIGHTING

Set a softer mood or create a sportier feel with the full spectrum ambient lighting option.

#### THE NEW STANDARD IN SAFETY

There is no compromise on safety as the new HS Essence sets a new standard with 6 SRS Airbags.

Designed to inspire a new spirit, the interior of the HS Essence offers customisable luxury with the essence of a sports car, an embodiment of MG's British racing DNA. Flaunting the perfect combination of a race car and an SUV, the interior gives you maximum accessibility while keeping a spacious feel. **Not only is it amazing during every drive, it makes it an experience every time.**

**10.1" Infotainment System**  
Includes Apple CarPlay And Android Auto Functionality

**Two-Tone Front Leather Seats With Heating And Electric Adjustment**

**Digital Driver Instrument Cluster Display**

## A STYLE YOU HAVE NEVER SEEN BEFORE

The headlights are sleek and stylish with which you get enhanced visibility for clearer and safer turning. The Auto-dipping high beams are a cherry on top. The HS Essence also has large 18" Diamond Cut Alloy wheels that are bound to turn heads on the road and create a bold statement on the road.

The rear is even classier with twin tailpipes and an aluminum lower bumper with a sporty finish.

**Two-tone LED Headlights  
With Sequential Indicators  
Embedded With 9 Crystal LEDs**

**Electrically Adjustable,  
Folding Door Mirrors With  
LED Indicators**

# THE MG ADVANTAGE

At MG, innovation runs deep, so when it comes to safety, we have gone above and beyond in the all new HS Essence by incorporating the latest safety technologies into a single platform, we call MG PILOT.

With its Active Driver Safety features as standard, MG PILOT is constantly sensing your surroundings, on the lookout for unseen hazards. With the ability to react autonomously in situations where driver safety is at risk, take comfort that you and your family are backed by a new level in safety intelligence.

## Blind-Spot Detection System

Detects and monitors blind spots through door mirror cameras and rear sensor. It also alerts the driver by flashing when a vehicle is approaching from the blind spot.

## Door Opening Warning System

Warns you of danger when opening vehicle doors.

## Traffic Jam Assist

Automatically follows the vehicle in front in slow traffic.

## Lane Departure Warning

Prompts by warning you when your HS Essence is shifting lanes.

# MG PILOT

# WHY SHOULD AIRPLANE PILOTS HAVE ALL THE FUN?

## Rear Cross Traffic Alert

Warns the driver when reversing from a parking space to avoid any collision.

## Lane Keep Assist

Alerts the driver and keeps the car between lane in case of unconscious drifting by detecting the distance between the wheels and the lane marking.

## Adaptive Cruise Control

Detects the front vehicle position and keeps a safe distance between your HS Essence and the car in front.

## Intelligent Headlamp Control

Uses cameras and sensors to identify oncoming vehicles and switches between high and low beams accordingly.

\*The above safety features are driver assist technologies that are not a substitute for safe and attentive driving or for the drivers control over the vehicle.

# 5 DRIVING MODES

HS Essence is equipped with 5 driving modes. Under each mode, it adjusts the power delivery, steering and air conditioning system as per driving requirements

## ECO

Low Energy State, Perfect For Slow Moving Traffic

## NORMAL

Ideal For Daily Driving

## SPORTS

Suitable For A Dynamic Driving Experience
