MOTORS

ELIGHT

AHEAD OF THE GAME

AHEAD OF THE GAME

A bold fusion of aerodynamic coupe-inspired design, smart technology, and dynamic performance.

Built to make a lasting impression.

0.26 ULTRA LOW
WIND RESISTANCE

Thermoformed steel and aluminum hybrid high-strength lightweight body

The hot-forming steel and aluminum high-strength lightweight BIW uses 44 pieces of hot-forming steel plates, with strength up to 1,500 MPa, to build a high-strength cage frame. Through a steel-aluminum composite lightweight design, it creates a strong yet lightweight travel-safe structure, not only for the pursuit of speed and passion, but also for the desire for smoothness and peace of mind.

3 Driving Modes

Eco Mode

Better economic electric energy

Standard Mode

Both economic power and electric energy

Motion Mode

More positive power response

4 Wheel Independent Suspension

The design of the front McPherson rear multi-link independent suspension provides a comfortable driving experience. Drive forward in comfort with driving control at ease.

METICULOUSLY DESIGNED

Crafted to shine through every light and shadow,
with sharp lines, bold edges, and a form that moves with purpose.

A design that captures light, focuses the senses,
and takes you farther, with clarity, confidence, and style.

Dazzling silver-hook LED headlamp

The advanced adaptive high and low beam system delivers brighter illumination and enhanced flexibility, lighting your path with precision, wherever the road takes you.

Concealed electric door handle

The hidden assistant is integrated with the vehicle body and the unlocking handle of the vehicle automatically pops up to bring you a full sense of ceremony.

Michelin tyre*

Aluminum alloy wheels paired with Michelin high-performance tires deliver a perfect blend of grip, comfort, and a sleek, sporty look.

Sports coupe-style design

With its sports coupe-style body design and an ultra-low wind resistance coefficient of 0.267Cd, it fully demonstrates a streamlined and dynamic aesthetic.

SMART HOME SPACE

Experience a spacious, intelligent cockpit where comfort meets innovation.

Designed around you, the expansive cabin maximizes space and comfort.

With intelligent innovation at its core, every journey feels effortlessly refined.

6-way power seat

The driver's seat is electrically adjustable in 6 directions and the driver can switch the comfortable driving and riding spaces at will to meet the space needs of the driver and passengers for free and pleasant travel.

14.6-inch multimedia touchscreen

The central console features a 14.6-inch multimedia touchscreen that makes driving an easier and more pleasant experience.

Intelligent thermal management system

Use the first waste heat A/C system for EV in China to effectively improve the energy consumption index and increase the endurance mileage by 30% compared with that of ordinary PTC heating A/C (heat pump A/C optional).

360 AVM visual system

Accurate identification of the surrounding environment and support of 100+ parking scenarios, including incomplete parking lines and parking spaces on curves, with an all-around view enable the blind spot disappear and the field of vision return.

SUPREME PROTECTION

Superior durability and proven reliability are validated across multiple dimensions of testing.

Comprehensive Airbag Protection

Overcoming All-Scenario Challenges

Level 2.5 Intelligent Driving Assistance

Exterior Color Selection

White

Black

Blue

Green

Purple

Interior Color Selection

Midnight Black

Ivory Blue

A silver Elight electric car is parked on a paved driveway next to a modern, light-colored wall. A black charging station is mounted on the wall, and a charging cable is plugged into the car. The car has 'ELIGHT' written on the front license plate area. In the background, there is a modern multi-story building with large windows and balconies, and some greenery.

CHARGING

Enjoy hassle-free drives with AC / DC charging options via CCS-2 charging port.

HOME CHARGING

7kW Home Wall Box Charger

Charge conveniently at home with an AC fast charger.

SOC 0% - 100% in just 10 hours.

ON-ROAD CHARGING

DC Fast Charger

Fast charge (SOC 30% - 80%) with DC fast charger in just 30 minutes

SPECIFICATIONS

Name	Comfort (500 km)	Premium (500 km)
Specifications		
Drive Mode	Front-Motor, Front Wheel Drive	
Body Structure	4-Door, 5-Seat Sedan
